COLLECTION OF HANDMADE CHRISTMAS CARDS AND WISHES

International Collaboration of Teachers and Students as part of an eTwinning Project

“Find Christmas Magic: Through Dishes and Wishes”

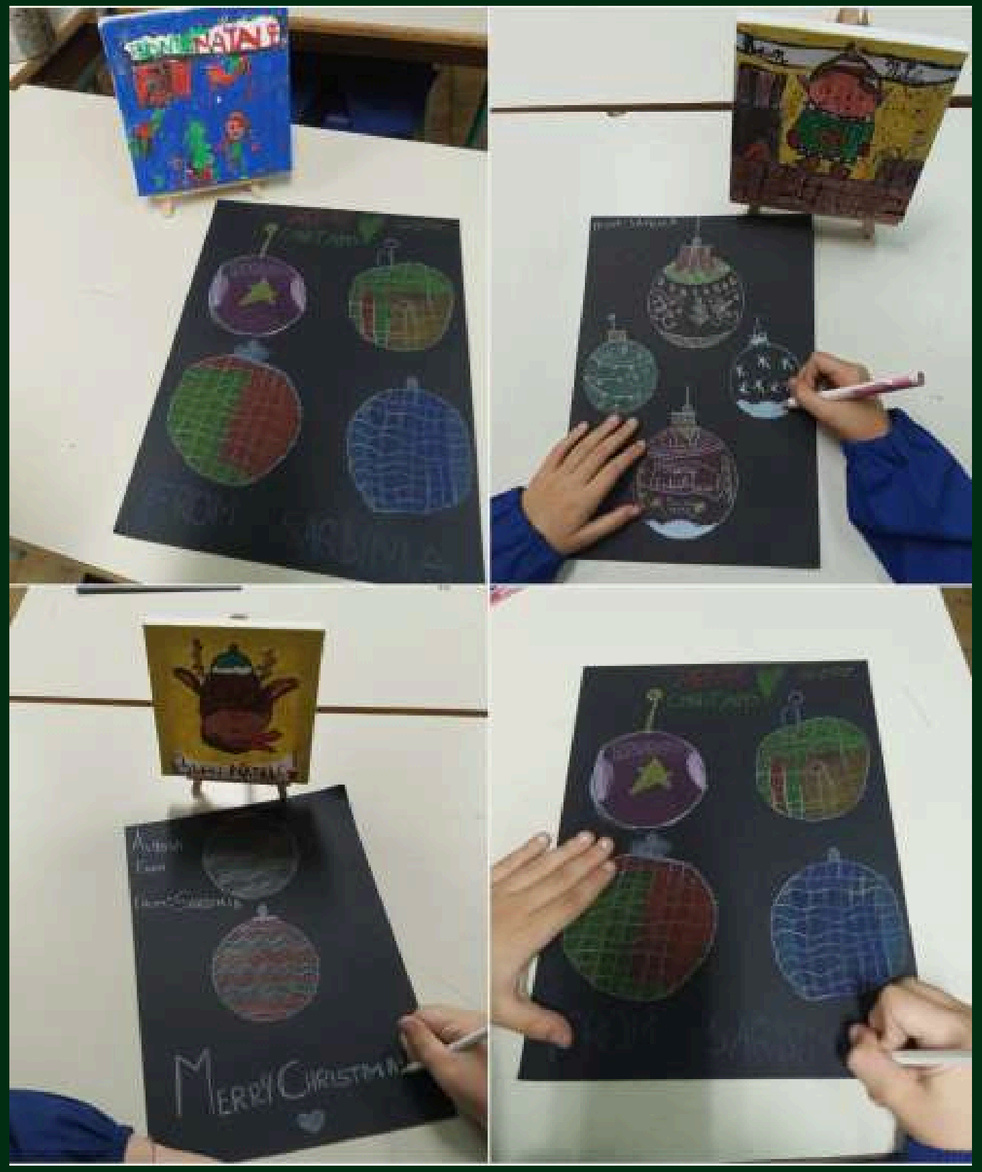

This collection of Christmas cards and wishes was created together by teachers and students from Poland and Italy as part of the eTwinning project: "Find Christmas Magic: Through Dishes and Wishes".

The project was founded by Karolina Figat, and it was her idea that brought everyone together and inspired to explore the Christmas spirit through creativity and teamwork.

During this stage, students designed their own Christmas cards and wrote holiday wishes in English. They added their own drawings, warm messages, and kind thoughts inspired by both personal experiences and cultural traditions.

All the cards and wishes were then put into one special collection that shows the warmth of the Christmas season and the joy of sharing something nice with others.

May this Chrismas bring you warmth, joy and moments filled with peace. I wish you time to relax, laughter shared with loved ones, and a heart full of gratitude. May the New Year bring you new opportunities, good health, and happiness in everything you do.

May your holidays glow with warmth, laughter, and the magic of Christmas. May your days be merry and your heart be full of peace.

As the snowflakes dance and the bells jingle, may your holidays be merry and bright, filled with love laughter, and the warmth of family and friends.

Dear Polish and Albanian friends, I wish you a harmonious and happy Christmas especially because the last years have been full of wars and hate all over the world. I think that the keys to a peacefull life are dialogue and respect between peoples. Merry Christmas
